paraphrased text here Many grills are still discounted after Amazon's Big Spring Sale. These deals include gas, charcoal, or wood pellet grills for various budgets and types of cooks. The selection is wide but many deals are disappearing fast. You don't need a Prime subscription to shop remaining sales items, so act soon. We recommend checking out our grill buying guide if you're unsure about what kind of grill to get. Amazon had an array of grills available during the sale with discounts on several types including gas charcoal or wood pellets. Many deals are disappearing fast, but there are still some great options available. If you want a portable camping stove it's 52% off right now, or if you're looking for a high-end grill like the Weber Genesis propane grill, it's an incredible \$300 off. The Kamado Joe Pellet Joe is also on sale at \$800 off. There are many other deals on grills from brands like Cuisinart Char-Griller and Royal Gourmet. For those who want to master smoking food, a great backyard grill and offset smoker from Royal Gourmet is available at a discounted price. If you're looking for an electric griddle like the Cuisinart Electric Griddler Five, it's 25% off. The Kamado Joe Pellet Joe pellet grill and smoker is also \$800 off. The Weber Traveler portable gas grill is nearly \$70 off, making it a great time to buy one if you're planning to camp or park-grill in the future. The Ninja Woodfire Pro XL outdoor grill and smoker is also \$70 off, featuring a built-in meat thermometer and air crisp/bake capabilities. Grab this small but powerful 12x18 charcoal grill and get ready to bring the heat to your backyard or anywhere in between. It's nearly \$50 off now, perfect timing before spring and summer arrive. With multiple cooking grates and a hinged door for easy access, you can smoke meat, produce, and more with minimal effort. ###ARTICLELooking forward to getting your hands on some amazing grills during Prime Day 2025, which kicks off today, July 8, and runs through Friday, July 11. This year's sales event has been extended for almost an entire week, so you can snag the best deals on all types of grills, from kamado to portable and charcoal models. Whether you're looking to upgrade your outdoor kitchen or get your first grill, there's something for everyone. Prime Day is the perfect opportunity to score a top-rated grill at a discounted price. Looking forward to getting my hands on some amazing deals on fire starters, charcoal chimney, and other grilling essentials this Prime Day. I've been eyeing the Kamado Joe Jr for a while now, and it's great to see that it's available at an unbeatable price. The compact design makes it perfect for smaller spaces, and its excellent heat retention is sure to impress. Another great option is the Weber Performance Deluxe Charcoal Grill, which offers a range of features including automatic ignition, charcoal storage, and extra prep space. Looking forward to seeing everyone at the Amazon Prime Day sale tomorrow and discussing our strategy to snag some amazing grills at discounted prices. During Prime Day, be sure to regularly check Amazon's website and the "Grills" category to stay updated on the latest deals. Additionally, keep an eye out for lightning deals, which are time-limited offers that provide even greater discounts but tend to sell out quickly. Consider signing up for Amazon Prime if you haven't already. Prime members enjoy exclusive early access to deals, fast shipping, and additional perks throughout the year. When shopping for a grill during Prime Day, research and compare different models, read customer reviews, and consider your specific grilling needs before making a purchase. This way, you can make an informed decision and find the perfect grill at a great price. The Char-Griller Pro deluxe charcoal grill offers a more traditional grilling experience, while the Char-Broil Edge electric grill provides a convenient and efficient alternative. For those who appreciate the distinct flavor and experience of charcoal grilling, the Char-Griller Pro is an excellent choice, but for those seeking ease of use and hassle-free operation, the Char-Broil Edge is a great option.
