What's the opposite of "abbreviation"? For example, if ELL is an abbreviation for English language learners, then English Language Learners is a \_\_\_\_\_ for ELL. I'm looking for a word that will work for all abbreviations, not just acronyms, so another example would be: se abbr. It is an abbreviation for abbreviation, so the abbreviation is an (n) \_\_\_\_\_ for abbr. 10 The opposite words of Antonym contradict each other and meet opposite meanings. A word has synonyms and antonuses. When we learn a language, when we learn a word in that language, it will be very helpful for us to learn both the opposite and the synonyms of that word. Because learning a word with its synonyms increases our proficiency in that language and our proficiency in speaking and writing. Learning a word with its opposite meanings broadens our vocabulary and helps our activity on the language. There are some things we need to know about opposite words. First, the negative of a word cannot be the opposite of that word. Negative words indicate whether an action should be taken to us, i.e. not the opposite meaning of a word. In a language, not every word has a synonym, but not every word has an opposite. In general, adjectives and adverbs have opposite meanings, that is, words that report quality and quantity often have opposite words. Means of abbreviation; shortening, reduction, braking, compression, condensation, an abbreviated form of a word. Opposites of the abbreviation; widening of dilatation dilatation widening of growth stretch increase of growth Example Sentences with Abbreviation; The word "end" is the biggest abbreviation and obviously wrong.
