Action games are among the most popular on any platform. They get blood pumping, your fingers moving, and it's a great way to test your reflections and your boyfriends. There are a variety of action games there outside, including shooter, fighting games, adventure games, platforms and more. However, the DNA of a good action game is if it makes you go on. There are tons of games to choose from, so here are 15 of the best action games for Android! AILMENT is a classic retro style shooter, top-down. It is more or less your classic arcade action shooter. You have an option between a group of different weapons, multiplayer support and plenty of violence. Obviously, this is not great for smaller children. In any case, the controls are quite easy to learn and the retro graphics is fascinating. It also has some more pleasant ones like secret Easter eggs and a narrative to follow. This keeps the action that goes throughout its retro glory, even if you have to watch an ad to revive every time. The sequel, endurance (Google Play link), is also quite fantastic and offers most of the same mechanical price: free / up to \$ 4.99 Blackmoor 2 is a platform hack-and-slash with some fun elements. Get your own standard Platform experience similar to old castlevania games. However, the game is also supplied with multiplayer co-op, online PVP and a construction mode. In reality we like the construction mode because you can build your levels and share them with other players. It's a clean touch for a mobile game. In any case, you get the usual nice things like Google Play Games Games saving and other things. It has the occasional bug, but nothing serious. Brawl Stars is a new supercell action game, clan and Clash Royale clash developers. This game becomes players against each other in a beat À é à, ~"em Upty game. Most game modes have three against three-player battles. However, you can do two against two and one Against the fighting modes from a fight. Types of play go to run some players to capture their booty. It doesn't matter, though, because any game mode can become intense. Online matchmaking can occasionally make the experience less Funny, but this is the way in which the online PVP is usually going. We also appreciate the simple mechanics and fast games. Call of Duty: Mobile is the most popular fps game on the phone at the time of this writing. It has all the elements of a good online shooter. There are many PVP modes, various things to unlock, and the graphics and the game are both excellent. It has a Modality Royale Battle from 100 players similar to Fortnite and Pubg Mobile (two other action games Excellent) together with Standard Deathmatch style as a modern combat and critical ops (two other excellent action games). However, Call of Duty: the phone is the best dog right now and therefore is what we recommend first. One of the four other games we mentioned would also fit well in this list. Dead cells are one of the new action games in the list. Games as a failed experiment and platform around various levels to reach the end of the game. There are various obstacles, environments and mechanics hack-and-slash to keep you touch the screen. It is also a RogueVania, so the entire map is connected and you can travel throughout what you want. The game has customizable commands, hardware controller support and a single price tag without in-app purchases. You can also play offline if you want. The kind of action can sweep various other genres and then Evoland 2. The game is equipped with hack-and-slash, trading card, 2D RPG, 3D fighter and arcade mechanics through its history and its formation of mini- game. Players cross the history of the game. While progressing, graphics and mechanics change. You could play a retro legend of Zelda Style Hack and Shash a moment and a three-game fighting game. The first game of the series is very similar and much cheaper. You can't go wrong with the way. Evoland. Evoland. À \$ 7.99 without purchases or in-app announcements and is frequently for sale for less than this. Grid Autosport is a new racing game and one of the truly excellent versions of 2019. It boasts 100 cars unlockable along with 100 events to run. Also, you get all the DLC of the original game along with a scalable difficulty so you can play a level that offers a challenge but it's not too difficult. It is a big and deep game, but never loses its arcade racing roots. This is one of the truly good, people, even if the price tag is so high. Most people have heard of Studios Halfbrick. They have a number of huge games in their library and are all decent action games. Some of the games include Dan man (beat), Ninja fruit (Arcade) and Jetpack Joyride (Endless Runner). There are also many others. Games have bright and colorful graphs, content for families and simple controls. Not all action games require guns, explosions or things like that. Halfbrick Studios shows him with their training. Games are generally free to play and are all the classic action-arcade furniture. Furthermore, Ninja 2 fruit exits towards the end of 2020 so that the developer has new things that come quite constantly. ICEY is a 2D side scroller with hack-and-slash mechanics. The game may have been an action platform, but developers have decided instead of just to fight players. There is a balanced rock-shaped scissible fighting style in which attacks, dodge and contrast until all the enemies die. The game also includes a small narrative to keep players engaged until the end. There is a rush boss mode in case you want to go back and beat on the screen a little longer. The game is quite short and this is the only good thing we have. It is otherwise an excellent action game. In Dead 2 is one of the most unique runners on the mobile. Run through a field with weapons and defend against the Zombie horde. The second game adds a lot from the first game. That includes more terminations, more weapons, a dogmate and even some elements of defense of the tower. The game also has daily and special events, but it is quite normal for free titles to play. The infinite runner style together with shooter elements combines two excellent kinds of action in a single experience. This is another good good. Madfinger Games is a developer on Google Play with different excellent action games. Their most popular titles are the dead trigger of zombie shooters, 2 and little qualified trigger. Everyone has more functionality than the last one together with exceptional graphics, mechanical of decent shooters, tons of things to do, and, in the case of non-collected online multiplayer. Madfinger also makes the SHADOWGUN series of FPS games. Those are more traditional FPS shooters in a science fiction style and probably among the best like that. You can't make mistakes with any of the games in the Madfinger library. They are all excellent action games. Price: Free to play / VargrrSmaple Media is a developer on Google Play with a variety of extreme sports games. This includes classics like PatyBoard Paty 3, Snowboard Party, and Tony Hawk skate jam just released. The mechanisms are occasionally clunky. However, this is closer to early 2000's early sports games as you can get. The rhythm is good and the graphics are more good as expected for a mobile game. The biggest problems with any of these games are the clunky controls, but if you can pass it, these are the best extreme sports games on the mobile phone. Rayark is a developer on Google Play and one of the few who really do good games rhythm. Their list of titles is wide and includes the aforementioned I and II, Voz, Deemo, Mandora, Implosion and Sdoic. All these games start quite simple and become quite intense quickly. Every game has a narrative along with a list of songs to play. Each game allows you to purchase additional additional Packages as in-app purchases. This gives them the appearance of freemium games. However, these DLC packages are permanent additions to the game, so they are not. Many of their games are free on Google Play Pass if you use it. Price: free / up to \$ 1.99Sky Force Reloaded is a top-down shooter with tons of action. Every level makes you fly through a battlefield, destroying enemies, complete level level goals and avoid being destroyed. The game also has various aircraft to unlock, updates and card buffs to make things easier. It comes to the experience with a beautiful colorful graphics, the voice against work and a decent soundtrack. It's a bit older and there are many other top-down shooters. However, few have the polish of the strength of the reloaded sky. Xenwerk is a third-person shooter with some Dungeon crawling elements. Players descend for 70 levels up to the bottom of a science laboratory to progress through the history of the game. There are also special abilities to use, things to collect and small nickets as results and rankings. He has in-app purchases, but you can earn enough credits through advertising without buying anything if you want to go to that path. The graphics are decent, it seems to work well on elderly and lower devices and there are a lot of bad guys to shoot. It's fantastic for a list like this. The Android game has been constantly improving. First, we had simple puzzle games and we could invite our Facebook contacts to be our friends in the games. Multiplayer games only used the rankings. Now there are lots of games that support the actual multiplayer game, including real-time co-op or PVP. In fact, most games these days have a sort of multiplayer element in it. If you are looking for something to play with your friends, here are the best Android multiplayer games! We would also like to give a mention of honorable died from daylight, one against four online multiplayer games with some unique game games mechanics.adventurequest 3D is one of the new multiplayer games on the mobile phone. It is a MMORPG. It will characterize most of the things you expect. There are tons of missions to do, various classes, heads raid, dungeons, and there is also some collapse. What makes this stands out is that it has a complete multi-platform support. You can reproduce it on mobile or on PC if you prefer. There are chats, raids and even PVP that you can play with other people. There have been some sobs from its liberation. However, it is a solid option overall. Among us was one of the most popular multiplayer mobile games in 2020 and people play it a little even today. The game has a group of players moving around a ship to complete various tasks. Meanwhile, one or two of the players act as a hinder and slowly try to kill all the crew. You can customize the game in a variety of ways and customize your character with a number of add-ons. You can buy other additional components through in-app purchases and this is the way the game generates revenue. It's not really suitable for children, but it's a rather fun game, especially if you know everyone in the group. Asphalt 9: Legends is the last game of Gameloft Popular Arcade Racing Franchise. Play a lot like old litherations. Various car breakouts, breed against human players and compete in various types of events. The online multiplayer is higher than the average. The games are generally fast and you can run with any of your vehicles. The non-PVP content is vast. You can spend a lot of time playing this game before reaching the end. Furthermore, the graphics are actually good and the mechanisms are simple. Some complain that the mechanisms are a bit Simple, but this is an arcade game. Asphalt 8: Airborne and Asphalt Xtreme are also excellent choices of Arcade racing from Gameloft. Call of Duty: Mobile is one of the new multiplayer games in the list. It's also surprisingly good. It is an online FPS game with a variety of multiplayer mode. Which includes the classical call of The matches of death and a photo battle modality from 100 people like Pubg and Fortnite. The game also has some slight Gacha elements while collecting people famous from the series of games and customize them with various weapons and gear skins. There are some bugs here and there, but these should be ironed over time. Crossy Road is a Platform Arcade. Your goal is to cross various streets and flows without dying. Your goal is to make it as long as possible. It is equipped with a variety of reproducible characters and a local multiplayer mode. You and your friends can connect to a WiFi network and then play together in a game created. Supports two to four players. It is no more robust multiplayer ever. However, it is suitable for families and a fun way to kill some time. It is definitely one of the best local multiplayer games. The legends of Runerra are one of the new Android multiplayer games. It is a PVP style game with duel elements, collection of cards and automatic fighting. Players unlock cards, build decks, assign samples and Duke among other things. There are 24 samples and a bunch of cards. Also, the challenging but fun game offers you a lot of opportunity to overcome your opponents. À F2P (free to play) Friendly, so you don't have to spend money to have fun. This game has replaced the hearth on this list, but Hearthstone is still an excellent choice even in this genre. Price: \$ 6.99 with in-appmine purchasesCraft is one of the most famous multiplayer games of all time on any platform. You fell into a randomly generated world and then you can do practically what you want. The game includes cross-play with Xbox One and PC. This means that you can play with your friends almost everywhere. The game includes three modes: survival, reigns and creativity. The creative mode does not allow you to die for any reason. The survival mode generates bad guys, a food system and you can die. Who seeks the quality of the console level in a mobile game cannot do much better than this. It is actually a PC and a console game as well. The game costs \$ 6.99 in advance. In-app purchases are for character skins. Price: free / \$ 10.99 per month / \$ 99.99 A Guniscape School Andologi is obviously one of the most ancient multiplayer games in the list. This is a MMORPG and a rarty in Android space. Use a subscription service rather than Freemium elements to drive revenue and is not something you see every day. The game is quite good. Traverse a huge world, perform many missions, find the loot, trade with other players and take tons of bad guys. It has a great community and surprisingly reactive developers. There is a free version of the game that is a bit resized by its premium version. You can't make mistakes in both cases, though. The game is massive. Pokemon Go is one of the most popular multiplayer mobile games. Players wander the real world looking for Pokemon, gym battles and Poke stops to recharge on the articles. The game is technically individual player. However, gym battles, coach battles and simply playing are totally feasible with groups of people. In fact, many people who play the game do so exclusively for social elements. The player's base is not almost as big as it was, but many places have official Facebook groups for players to reach each other. He did not take Pubg Mobile Long to climb the evaluation board for multiplayer games on the mobile. It is popular, fun, and works quite well on most modern devices. Drop on an island with 99 players. The last person wins. Find all types of weapons and equipment on the island. Even the boundaries slowly limit the Of the playable area. So, if you end up in the Boonies, the game itself will kill you. Fortnite is not available in the Google Play Store, but you can install it with this guide. Both games are rather funny and include a lot of people. Riptide GP: Renegade is probably the best race race available. The campaign mode is fun and has a lot of events. There is also a line of history, plus wave riders to buy and update and more. The online multiplayer option is higher than average. Up to eight total players can compete in combination from head to head. It also supports the divided screen multiplayer mode, hardware controllers and more. There is also a challenge mode in which you can compete against the best times of your friends. He has no in-app purchases to intrude and liked it a lot. Supercell has developed some of the most popular multiplayer games in recent memory. Their major successes include Clash Royale, clans and beach beach. Clash of Clan and Boom Beach are strategy games. Players build bases and armies and fight each other for resources. Clash Royale is a card duel game similar to Peethstone. Every game has tons of active players. This means that it is not difficult to find people to play with. Their last game is Brawl Stars, a mix between a game Royale Moba and Battle Royale. They are not perfect, though, and change the game balance quite frequently. I don't care about it, these games provide decent experiences. Teamfight Tactics is a car battle online pvp game. The game is quite simple to play. Assemble a group of samples and deploys them on the battlefield in the most strategic way possible to overcome your opponents. The game has a bit a step early learning curve and the movement destination frustrates some of the most experienced players. However, it's a fun small Battler car and is a fast game for those who want to play against other people, but not for hours at a time. Unkilled is a first-person shooter in which Zombi hunt. It is a game based on the mission with over 150 missions currently available (and growing). You will also have weapons to collect and update, various garments to break down, and more. The online multiplayer mode is a more recent addition, but still good enough. You can combat people in traditional PVP matchmaking. Furthermore, you can build a zombie army and attack the foundations of other players. It's a bit like a killing the virus and clan mix mixed together. Even mechanics and graphics are very above average. Zynga has developed several really good multiplayer games. They include words with friends, draw something, chess with friends, gems with friends, crossword puzzle with friends, and their latest game, words with friends 2. Every game allows you to couple with a friend or unknown online in competitive game . Aren are very complex games. However, they are friendly for families, easy to reach and simple to play. All games allow you to access Facebook to find friends more easily. They are not perfect, but they are friendly, easy and fun children to play with friends or relatives. family members.
