The team that love is timeless. Preparations for electrifying final epic series of Aurora Epic cycles, best-selling on a band of unlikely heroes that could be the last hope for survival of the galaxy. This is the end? What happens when you ask a group of losers, cases of discipline and misfits to save the galaxy from an ancient evil? The ancient evil wins, of course. Wait. . . . Not. So. Rapid. When we saw the last time the team 312, work together seamless (aka solution, crazy) as an intergalactic battle infagata and ancient superweapont threatened to cancel Earth. Everything went horribly wrong, of course. But as it turns out, not all the endings are final, and TE4AM has one last chance to rewrite the two. Perhaps two. It's complicated. Cue Zila, Fin and Scarlett (and Magellan!); Make friends, make enemies and make history? Sure, no problem Cue Tyler, KAL and AURI: Uniting with two of the most hated villains of the Galaxy? Um, ok. Even that. Indeed saving the galaxy, though? The thought of Kady breaks with Ezra was the worst thing she had ever passed. That was before the planet was invaded him. Now with the enemy fire that rained on them, Kady and Ezra are forced to fight on one of the evacuation trades, with an enemy warship in hot pursuit. But the warship could be the least of their problems. A deadly plague has broken out and is changing, with terrifying results; Ai fleet, which should protect them, can be their largest threat; And no one will try what's really happening. While Kady dives into a data hacking network to get to the truth, it's clear that one person can help her take it all to light: ezra.told through a fascinating hacked documents dossier?
