Pokemon go promo code redeem ios

Pokémon Go players can find free promo codes that offer useful items, such as special Poké Balls and clothing accessories. These codes are only valid once and are usually shared by Niantic during special events or sponsored partnerships. Currently, there is no active code available in-game after the "907andLIKO" code expired on April 23, 2025. However, Pokémon Go's new season, Might and Mastery, has started, offering various rewards for players who participate in upcoming events. The Sweet Discoveries event, which runs from April 24 to April 29, provides several free benefits, including double Candy points when catching Pokémon and bonus Stardust. Additionally, the in-game shop offers daily boxes that can be claimed for free, providing useful items like a Mossy Lure Module. If you're interested in seeing what rewards were available during previous events, here are some codes listed: - Floragato Timed Research (expired) - Tornadus Incarnate Forme Timed Research - Thundurus Incarnate Forme Timed Research - Landorus Incarnate Forme Timed Research - 50x Volt Fusion Energy - 50x Blaze Fusion Energy - Medal, Special Background encounters with Snivy, Tepig, or Oshawott, and a set of Timed Research - Fendi x Pokémon avatar hoodie - 2024 Worlds avatar T-shirt - Free Premium Battle Pass and an Incubator for purchase in the web store Note that some codes have already expired or are no longer available. The article discusses various Pokémon-themed merchandise codes that can be redeemed for rewards in the game Pokémon Go. These codes include T-shirts, jackets, masks, phone cases, and other items. To redeem these codes, players must visit the official Niantic Offer Redemption website on their Android or iPhone device. They will need to log in with a Google, Facebook, or Niantic Kids account, using the same credentials as they use to play the game. However, some Pokémon Go players who only have a Pokémon Trainer Club credential are unable to redeem codes due to an issue with Niantic's system. Fortunately, it is possible to link a Pokémon Go account to Google and Facebook for security purposes, resolving this problem. Additionally, the article mentions that Niantic changed its way of entering promo codes on Android devices in February 2024, requiring players to use a web browser instead of entering codes through the app. The article also mentions the Daily Free Box, which offers players a handful of free items from the Pokémon Company and Dexerto. To access this feature, players must visit the Shop section of the game and click on the Daily Free Box, then tap "Exchange" to receive their rewards. some free items in Pokémon Go, such as Poke Balls and occasionally Potions and Berries. If you're new to the game, promo codes usually provide rewards like free Poke Balls, Star Pieces, and rare items. These exclusive items can even include collaborations with brands like North Face. Occasional timed research can also be redeemed for encounters with specific Pokémon. To help you stay on top of your game, check out our tips and counter guides. To redeem promo codes in Pokémon Go, follow these steps: Head to the Niantic Rewards website, sign in to your Pokémon GO account, enter your code, and confirm. For iOS users, redeem codes from the Offer Redemption - Pokémon GO Web Store website. Remember that promo codes are only valid for a specific period of time and can be used once per account. Given article text here Niantic, Inc.'s Pokémon Go codes have various uses and rewards, including redeeming items like Incubators, Lure Modules, and exclusive merchandise.
