With the advent of the MTV age, the line between films and music has become even more blurry, since musical vineyards provided highly perceptible links between the two other. It is also a memorable selection, of course, the soundtrack of the film. The music made a great success, but it is probably that he had never hit the heights he did without his lies with the film, both through repeated appearances on the soundtrack and, of course, during the Judd Nelson pumping walk on soccer field as credos roll. The soundtrack of the film is not very beaten, no surprise. The image of the A & M Cattle Copy Image Records for the OMD, with one of the most elegant names of the pop synth and producing one of the most evocative and lush keyboard openings was not necessarily enough to forge a successful music . But strangely, it is excluded from the soundtrack. 1985 John Hughes Classic persists as one of the most beloved adolescent films from the 80's, but their use of music on the soundtrack of the film, particularly this song maid as the main theme, really showed how musica and vibrant and memorable film could be Used à Ā Ā Ā
