First of all, importing moms is a nightmare. I tried to import á ċ eYes and love it and it seemed that a tornado went through the mother after it prevents itself on the leaf of mother. Even when I downloaded a sample from Worshipread, the Songheet did not detect many of the line's breaks and made this really difficult to understand. Amazing Grace's sample looks very beautiful and cute, but the moms do not look like it when they are imported. With the amount of effort needed to make a mother easily understandable in the leaf of mother, I could also continue to create my own grain in Microsoft Word. In addition, there is an extraordinary amount of space on the right margin of the letter that can not be filled with a second column, which means I need to make the text extremely small to see the majority (Not all) of the mother, or trust the autoscroll or pedal-tourmars to reach a certain part of the mother. This option does not work since many times, we sing random and spontaneous parts of the mother. I also remain in the same place on stage; Therefore, having to keep going back to a pedal steering wheel would be much less than ideal. I just had the app for a couple couple And tried to make it work, but simply not. I would certainly like to arrange a \$ 15 refund I spent. Fantastic App - Even better support that I use this application has been a few years. I play the guitar in a band that often changes the key to the based on whose singing in a week. As a result, I had to carry Varies versions of the same mother all the time. With Songsheet, I am able to copy and paste my mother at once and change the key in real time or to use a cap and make the app show me what are new chords if I say where I put mine hood. It is a dream come true and functions as mothers. In addition, I had a question about one of the updates that came out a few weeks and clicked on the support botan inside the app, typed a question and pressed the shipping. For my pleasant surprise, I received an answer in an hour about an hour, explaining exactly what I needed. In addition, the support team, at vain occasions, requested recommended improvements and incorporated some! I could not be happier with the support team and the excellent moaning leaf tool for our entertainment places, we do volunteer musical entertainment in rest homes, assisted life, independent retirement life and so on. Songsheet Pro provides instant access to stored letters, chord progresses, vain sets of sets and listed categories of mothersic that provide great flexibility and the ability to respond instantly requests. The most impressive for us is the ability to have each set of pieces readily available for use, change and maintenance. As we kept more than 100 mothers ready for use, we categorized them in lists and specialties, so that if the moms of a certain performance star are requested, we have already listed Medley to respond to these salE salE .FDP me sotnemucod rezart ed osruocer o aroda)CAMCP od oirĴÁusu(dnuoR 2H2R roP ĴoEÁŠÁaro Á atosper amU .sÁAn arap ohlabart ed aimonoc ed atnemarref ednarg amu ,lareg oN .uE .mim rop ossi odnezaf oiasne on osocicrp opmet uozimoonoc ovitacilpa etse .etnemadipar ropsnarĀ ed edadicapacni ahnim an redrep es ed zev mE .mim arap evahc ed uodum adnab a euq soiasne sotnat me evitsE .sedroca ed siPÁŠÁnel masu euq sadnab moc racot arap oEÁŠÁisnart a zef euq odaniert ocicisĴAlc ed ocisÁm mu uoS Ĵohlabart omitÁO o moc eumimnoC .ovitacilpa etsen adnab ed soriehnapmoc suem sod snugla idnev euq ohcA .ossa rezaf edop oEÁn oEÁŠÁAttepmoc auS .odatanposed uotse oEÁm e .uednev em sapahc ed sotamrof ed sopit setnerefid ratropmi ed edadicapac A .sairĴAsceen saminÁm sepÁŠÁÁide moc opmil %89(etnemalpicnirp ahnev
