Free adding worksheets for kindergarten

These free worksheets focus on basic addition skills. The emphasis is on addition using pictures as a visual aid to help build an understanding of the concept of addition. Find all of our addition worksheets, from adding by counting objects to addition of multiple large numbers in columns. Welcome to our Addition Worksheets for Kindergarten. Here you will find a wide range of free Kindergarten addition Worksheets, which will help your child learn to write and use addition sentences up to 10. They are a great introduction to understanding what addition means using pictures to support learning. There is also a quick quiz at the bottom of the page to test your skill online. The sheets on this page are all about understanding and using addition sentences. For example, in the image above, we have a picture of 6 starfish, 4 of which are orange, and two of which are blue. This shows us the addition sentence 'four starfish add two starfish is six starfish', or $4 + 2 = 6$. Being able to understand addition sentences can be quite tricky for some children, and they need to be confident at counting first! Using the sheets below will help your child to: Understand addition sentences up to 10; Write and match addition sentences up to 10. The first three sheets involve matching and selecting the correct addition sentence to match the picture. The last three sheets involve writing an addition sentence to match a picture.
