Verifone p400 plus datasheet.

Verifone P400 PLUS MEMORY 1024MB (512MB Flash, 512MB SDRAM) The Verifone P400 PLUS, part of the Verifone Engage portfolio, leverages the latest Linux-based operating system for power and performance. Delivering world-class performance, flexibility, and advanced security, this premium device provides retailers with the tools to encourage greater engagement and better returns. Features Accessories Privacy shield | Stylus | Vast cable options Communications Bluetooth® 4.2 | 5GHz and 2.4 GHz WiFi | Ethernet | RS-232 | USB | USB host Dimensions 167mm L x 80mm W x 44mm H; 310g weight Display 3.5" HVGA (320 x 480) color LCD | Corning® Gorilla® Glass technology Operating System V/OS (Linux based) Payment Acceptance EMV | MSR | NFC/CTLS Power 5-12V DC | 5.2 W maximum power consumption | power over USB 5V 500mA Processor 600MHz, Cortex A9 32-bit RISC processor, 1500 MIPS | Graphic accelerator Security PCI PTS 4.x approved Standard Memory 1024MB (512MB Flash, 512MB SDRAM) Touchscreen Capacitive touch End-to-End Solutions GET A VERIFONE SOLUTION Submit a contact form Add another device to compare Compare The latest in next-gen features, functionality, and commerce capabilities. Overview Stunning touchscreen, nimble design, and app capabilities. Bluetooth® LE/Beacon capabilities allow for a more personalized experience. Interact with consumers like never before by offering individualized loyalty rewards and discounts, personalized content, the ability to pay with points, and more. BRING COLOR TO your business with a POS that emboldens your brand. Breathe new life into the checkout process while enjoying apps that can improve a merchant's daily productivity. Pair the P400 with a host device for a complete consumer-facing solution that will be reliable for years to come. Boasting the latest Linux-based OS, an open architecture, and a modern application framework, Engage enhances the present and is ready for the future. Download the P400 Datasheet Buy now Take advantage of our Business Solutions, which provides commerce apps like pay with points, loyalty programs, and card-linked offers. Boasting a vibrant, color display, this PIN pad enhances user experience with a design that's as fast as it is stylish. Features Accessories Mounting adapter | Privacy shield | Stylus | Vast cable options Communications Bluetooth® 4.2 low energy (optional) | Ethernet | WiFi 5 GHz + 2.4 GHz Display 3.5" HVGA (320 x 480) color LCD Memory 1024MB (512MB Flash, 512MB SDRAM) | MicroSD Operating System V/OS (Linux-based) Payment Acceptance Types EMV | MSR | NFC/CTLS Power 4.8W maximum power consumption | 5-12V DC | power over USB 5V 500mA Processor 600MHz, Cortex A9 32-bit RISC processor, 1500 MIPS Security PCI PTS 5.x approved Touchscreen Capacitive touch Solution Sets Add another device to compare Compare Take advantage of the Merchant Marketplace, which provides commerce apps like pay with points, loyalty programs, and card-linked offers. Delivering world-class performance, flexibility, and advanced security, this premium device provides retailers with the tools to encourage greater engagement and better returns. Features Accessories Privacy shield | Stylus | Mounting adapter | Vast cable options Communications Ethernet | RS-232 | USB client | WiFi (optional) | Bluetooth 4.2 BLE (optional) | USB host Dimensions 167mm L x 80mm W x 44mm H; 310g weight Display 3.5" HVGA (320 x 480) color LCD | Corning® Gorilla® Glass technology Memory 384MB (256MB Flash, 128MB SDRAM) | Optional: 1024MB (512MB Flash, 512MB SDRAM) Operating System V/OS (Linux-based) Payment Acceptance Types EMV | MSR | NFC/CTLS Power 5-12V DC | 4.8W maximum power consumption | power over USB 5V 500mA Processor 600MHz, Cortex A9 32-bit RISC processor, 1500 MIPS Security PCI PTS 5.x approved Touchscreen Capacitive touch Solution Sets Add another device to compare Compare Overview BRING COLOUR TO your business with a POS that emboldens your brand. Overview Stunning touchscreen, nimble design, and app capabilities. Angled display, tactile keypad, new user interface, and redesigned EMV slot for smoother card insertion make it comfortable and easy to operate. Boasting the latest Linux-based OS, an ultra-fast processor, ample memory, and best-in-class security, the P400 is future-ready. • HVGA color touchscreen with built-in audio for multimedia • Maximum security and compliance with end-to-end encryption • Single connector reduces logistical complexities • Accepts all payment inputs including NFC/CTLS, EMV, and magstripe • Advanced commerce capabilities available, including BLE/beaconing support Take advantage of the Merchant Marketplace, which provides commerce apps like pay with points, loyalty programs, and card-linked offers. Boasting a dazzling touchscreen display, the P400 commands attention with its full-color multimedia support, ideal for video or image offers. Engineered for customer interaction. Optional advanced commerce capabilities enable additional revenue streams at the point of sale via value-added services—customized for individual shoppers.
