My favorite blank this year, although the series has not yet ended. And now that it is over, I still say:

"We love it the most: number 1" - my historical number one in 2021! I don't believe ... one of the close friends of Sy ... and SD is in love with SY. Talk about tragic love. Sai and SD have known each other for over 10 years since childhood, but they are not friends, oh no, God keep it to become friends. They are rival.

Competitive competitor, at least according to Sy. On the other hand, it doesn't matter. The only reason why they compete is to attract sais attention. Banal, but nice. Sy is angry and angry that he is still #2 in SD. Never win SD. The only reason why the SD tried so much to be #1 is that he wants to have all his sy with him, even if it is crazy. Unheated love is difficult, well? SD has to do what it has to do with what it has. So if SD finds a way to keep it nearby, Sai goes to Sai to maintain the secret of Sai. At first he hates synthesizer, but Sai begins to sink in the course of the episodes. He even calls SD his friend !! At some point in more than 10 years, SD Sai, SD thought, if he couldn't get Sai to like him, Sai at least wanted his friend. And it was heartbreaking, s.d. They try to hide and show their feelings so that they can be friends ... only age, s.d. So Sai loves selfless. He doesn't even ask for something, just about friends, just to be friends before they learn. It just cries me !!! Unheated love is an issue that is very popular in every love story, but in "WBL: No. 1 for you" is so addicted if you look at these two men side by side when you look at another and another. They understand their feelings and feelings. Accept your new feelings.

YouRemember that everyone on this bridge prevented their hearts and souls ... I have never seen anything so beautiful and heartbreaking. Even though SD has liked SY longer, I feel like SY has more likes. No one can stop it now! In addition, we have an underwater kiss in the first minute of the series in the first episode ... OOF Bravo! And the last two EPS OMGS kisses people, everything I've ever wanted and more! The chemistry between SY and SD is warm and hot, but also soft and sweet. Even if they do nothing but sleep, I can look at them all day.

Their beautiful appearance is enough for several months. Before officially watching this episode, I looked up the actors who played Sy and SD. The chemistry between Sam Lin and Yu is heating up, as is SY and SD. Both actors seemed very comfortable, they all looked very natural. I saw the life of IG and always very penet and laughter in their little worlds. According to Evan, who plays Bing Wei in the series, he said the following to express that Sam and Yu always act like the only person in the room. Looking at them makes me feel uncomfortable as a third. If you actually watch the Japanese and half of the Taiwanese series, you'll notice how Syn combines Japanese words and I sure love it! So cute. In addition, for the first time, the actor's acting exploded, because it recited very well in the series, I could not say that it was new. And then Sam has the most sensual sound.

I definitely fell in love with his voice. Apart from this dynamic world between these two, you won't know it's the first time the series has met. Souls act like OMG for a while. WBL: Team #1 couldn't have done a better job for you to interpret your lead roles. Forever 'WBL: I'm grateful to the staff responsible for bringing them to world number 1' and falling in love with them.

The soundtracks of the music series are very beautiful and I love them all ~ I hope they continue to give us their music. Will you be my love to Kelly Cheng? -----They have, but they lack real treasures. Every part of this drama was everything I had hoped for, and even more! We have a simple but interesting plot, amazing line, amazing chemistry with breathtaking addictive kisses and look at it, we even have the second season! What cannot be loved? The first season ended with a happy end (I love it here), but who did not play the last episode hot, never expected the scene after the headlines;-; But I still hope for a better season 2 !! I really look forward to it and I just love watching Sam and Yoo as they play together, they both have something in themselves ... to fight all actors, employees and fans about WBL! Let's cheer fantastic 2nd season! FYI, WBL created a new MDL recording with an amazing 67.1 rating! This has never happened before and I was proud of WBL because he broke faint.
