

I'm not robot!

1. Go to Chrome Web Store

Yes DownloadFacebook.net works with any iOS device (iPhone or iPad), you can check our How to Download Facebook Videos on iPhone or iPad guide, so you can easily save Facebook videos to your iOS device camera roll and access them later Whenever you see a watch an amazing video on any website you always thought to save it but most probably the website will not allow you to do it because it is the loss of there traffic and now you have to start searching from where you can download the video and even after that you will find a spammy website with full of ads just craving for your single click. It was happening with me also and that why we build savthevideo so that not just me but everyone can safely download videos from any popular website or app in a single click. Savthevideo supports a lot of websites including sites like Facebook, Twitter, TikTok, likee, Instagram, Kawai and a lot more. Online Video Downloader Savthevideo allows you to download videos and music from a huge variety of social media platforms and websites which is a game-changer for users because it allows them to come to a single page for all of these video downloading needs and problems. Just like google. Music Downloader Download music and audio from TikTok, TED, Soundcloud, Bandcamp, and Reddit. You can download music and audio from these platforms website or app. So, no matter what you use you will be able to download music and audio from the above-mentioned sites using Savthevideo. Also, if you need a chrome extension for downloading music and audio there is Tubemate I have mentioned it below install it and now you just have to click on the extension icon to download any audio. Twitter Video Downloader Yes, you can download videos from Twitter using our website but for not just that I am telling. I am also excluding it out as a feature because it has both a firefox and chrome extension using which you can just click on download and the video will download no more copy and paste technique required. INSTALL CHROME EXTENSION INSTALL FIREFOX EXTENSION Download any Facebook video from the Facebook app or website by just pasting the share link. Other than that if you use Facebook on chrome browser I have a Facebook video downloader chrome extension for you so that you can have to just click and download the video. INSTALL CHROME EXTENSION Instagram Photo & Video Downloader INSTALL CHROME EXTENSION TikTok Video Downloader (Without Watermark) Using Savthevideo you can download with or without watermark TikTok videos in a single click. With this also you have a TikTok video downloader chrome extension so that you don't have to do any copy & paste. INSTALL CHROME EXTENSION Dailymotion Video Downloader Well, it is the responsibility of Savthevideo to allow its users to download videos from the world's second most popular video-sharing website. So, due to this reason, we allow downloading videos in multiple formats from Dailymotion. You can install the Tubemate chrome extension mentioned below if you want to download these videos using a chrome extension. Likee Video Downloader TikTok biggest competitor is very popular so we allow saving videos from this website as well. You can download videos from likee app or website by just copying the share link and pasting it on the input bar. After that just click on download. Douyin (Chinese TikTok) Video Downloader Douyin is TikTok of china so we allow video downloading from that website as well in just a few steps. Copy the share link and paste in the input bar. Now, just click on the download click and choose the appropriate format. OK (Odnoklassniki) Video Downloader Ok.ru is like the Facebook of Russia it has many great features but lacks the video downloading feature so for that purpose you can copy the share link of any ok.ru video and paste it on our website to download it. If you need a chrome extension for ok.ru we have for you a Tubemate video downloader chrome extension below. Steps to download any video from supported sites Go to any of the supported websites. Copy the share link. For doing that just click on the share button and copy the link. Paste the link in the Savthevideo input bar and click on the download icon. Now, just choose the format and the video will start downloading on any device. Is it legal to download videos from Savthevideo Yes, it is legal to download any video you want from Savthevideo until and unless you use it for some commercial purpose because in that case, you may cause a copyright strike on your downloaded content. Why everyone and you should use Savthevideo Well, there are many reasons but let's talk about big ones. No spammy ads and pop-ups like other websites. Faster downloading in comparison to other websites. 100% free tool to download videos. More than 100+ websites supported. No logins and signups. Free from privacy concerns! - we strictly have a policy of not collecting any information about you. Get the chrome extension to download videos from any popular website Tubemate Video Downloader chrome extension is the best extension you can install on your browser because now you have to never copy & paste the link and follow other steps. Just go to any of the supported sites and click on the extension icon for downloading the video. INSTALL CHROME EXTENSION Chrome Extensions Well, Savthevideo has other chrome extensions for specific needs as well so below this you are going to see them. Twitch Clip Downloader Download clips on twitch using this chrome extension in a single click. It doesn't alter website code or disturbs you. You can enjoy watching twitch and download the video as well. INSTALL CHROME EXTENSION Vimeo Video Downloader Well, everyone loves Vimeo amazing videos in full HD quality and even in 4k but downloading is a big work but not now more searching and following steps to download videos for hours. Just install Vimeo video downloader and your video will download in just a single click. Also, all formats are provided so don't care about HD or 4k all will be there. INSTALL CHROME EXTENSION How to bookmark Savthevideo Now, most of you may be thinking that what should I do if I don't use chrome how will I always visit this website in a single click. So, for those people, there is a feature provided by all browsers and that is the bookmark. I am going to list steps for every device below. Steps to bookmark on windows systems - Ctrl+D: To Bookmark SavtheVideo on internet explorer, chrome and firefox browsers. Steps to bookmark on mac - Command+D: To Bookmark SavtheVideo on safari, chrome and firefox browsers. Steps to bookmark on Android Phones - Tap on the 3 dots. Now, just tap on * and the bookmark will be saved. Steps to bookmark on iPhones - Open Safari and click on the input URL. Tap on 'add to home screen' and add it. Now, you are all set bookmark is added and you can visit the website fastly. Supported Platforms 29 sources are supported Provide abundant video effects - A creative video editor Powerful color correction and grading Detailed tutorials provided by the official channel So, you've happened upon a hilarious video. You want to save it to show your technologically challenged relative. What do you do? Save it on your timeline so you can watch it again? Or, you could simply download the video and guarantee you could access it when needed. This is where the Facebook video downloader for Chrome comes in handy. We've compiled a list of the best and brightest when it comes to video downloads from Facebook. Some are designed to support multiple platforms and are not just Facebook downloaders on Chrome. Let's look at the best five Facebook video downloaders for Chrome. Part 1: 5 Best Facebook Video Downloaders For Chrome With the advent of Facebook Chromecast, enjoying videos on your t.v. has never been easier. However, some videos, like private Facebook videos of you spending time with loved ones, can be cherished forever offline. This is where a FB video downloader for Chrome comes in handy. Finding a chrome extension for your video downloader could make downloading videos a lot easier. Some extensions are so user-friendly that they can compile the files you want to download with a single click. Fdown.net/Video Downloader Plus Fdown.net was formerly known as Fbdown.net. As the best and brightest of video downloaders, it allows users to download videos from Facebook to their device as storage. It remains a trustworthy addition to your chrome browser because it does the job well. Users have a wide selection of formats that they can choose from. Users can also control the quality and file size of the video they download. With the private video download feature, fdown.net can help you save even private videos to your hard drive. Users have pointed out their frustration with the ads run by Fdown. They state it detracts from the user experience, but it is run of the mill for freeware. You can download the Fdown browser extension at the chrome store. To access the store: You simply need to select the three horizontal dots on the right-hand side of your chrome browser. Select the "Settings" tab. This will lead you to the chrome store. This lets you search for the Fdown Chrome extension. Then you can click on the "Add to Chrome" button. Simply add the extension to the browser. You can simply use the Facebook video downloader from Chrome for all your video downloading needs. Video Downloader Professional Video Downloader Professional is a standout chrome extension for video downloads. It allows users to download a video in whatever format users desire. It works particularly well for Facebook. It assures users that the quality of the download file will be similar to the quality of the original file. It offers a variety of formats and file sizes for users to download the file. Simply click on the extension for the available formats and file sizes suggested. It boasts of a built-in video player. It does not contain any ads, making this worth adding to Chrome. You can also download multiple videos simultaneously. Enjoy using this extension to grasp videos from almost every website. Video Downloader Plus Video Downloader Plus is one of the best tools available in the market for Facebook video downloaders in Chrome. This is not to be confused with the offering from Video Downloader from fdown.net. It boasts no ads and is easy and conventional for users to operate. Unlike other extensions, this Facebook downloader for Chrome lets users download multiple video formats. You can opt for one from mp4, flv, avi,webm and many more. It can also save video resolutions up to 4k. The videos can be downloaded as high-definition videos, up to 4k. Thanks to the download function, you can download the video to any device you use. One perk of using this extension is that it lets you use the Facebook video Chromecast function. Simply click on the TV icon to Chromecast the selected video on your TV screen. Chromecast Facebook videos for entertainment at family gatherings and friends with this extension. It also offers support in multiple languages. SnapSave.app/ #1 FB Video Downloader HD+ (SnapSave) The SnapSave.app chrome extension is called #1 FB video downloader HD +(SnapSave) for Chrome. It allows users the benefit of downloading videos directly from the page. To download the video of your choice, simply go to the page you want to download from. This extension opens a dialog box with the "download" option. You can choose to download videos in High Definition (HD) or Standard Definition (SD) according to your preference. Once you tap the download button, it will take you to where you download the file. If you want to save private videos on Facebook, this Facebook video downloader chrome extension can help. As long as you copy-paste the source code of the private video to the extension, it can easily save the file you want. It will choose the download location that you chose as the preferred file saving destination unless you change it. SnapSave also does not save any copies of the files that you download. It takes the content from the Facebook servers and does not store the files on its servers. Savefrom.net/Chameleon Users can use Savefrom.net/Chameleon, a popular video downloader, for Facebook on Chrome and online. On Chrome, you can use it as an extension for their browsers. At the same time, this Facebook video downloader for Chrome is marketed towards Facebook mainly. You can rest assured that it also works on social media as the video downloader on Chrome. Browse for videos on Facebook, Instagram, Twitter, YouTube, and several other sites to download video content. Chrome users can even use this as a Facebook private video downloader. It offers a special functionality that allows users to download their private videos from Facebook's servers to their own. You can download the videos in 360p, 720p, 1080p up to 4k. The chrome extension allows users to download the video in mp4. As a bonus, you can also choose to download video files as audio in the mp3 format. There are no limits on the number of videos you can download. This chrome extension offers a guarantee that they do not save a copy of your video files on their servers. Part 2: A Few Bonus Facebook Video Downloaders for Chrome Internet Download Manager As an unorthodox option for downloading, this Internet Download Manager can download virtually anything. It can download any type of file from pdf to .zip files, and it can also download video files in a variety of file sizes and formats. As a bonus, the internet download manager can also accelerate the video download, making it the perfect tool for downloading large-size videos. It supports the downloading of video files over one hour span of length. Another benefit of using this internet download manager is that if your file is corrupted when downloading due to internet or power disruptions, it has the power to repair the file. So you can resume playback of the video file that you've chosen. A surprising feature is that it can be scheduled to download a file. It also allows users to shut down their personal computers after completing their download. YouTube 4K Video Downloader Despite the name, this software supports download of videos from Facebook. YouTube 4K Video Downloader is the smooth-running successor to an online video downloader for Facebook websites on

Chrome. The desktop version allows users to download videos directly from the websites themselves. Once the software is safely installed, you can download the videos easily. Simply plug the link if the video you want to download into the software. It offers you the option of customizing the build and quality of the output video. YouTube 4K also supports audio formats. This software allows users to download the highest quality mp3. A fun surprise with this video downloader is that it allows users to download youtube playlists. It's both time-saving and efficient. Audio enthusiasts can celebrate the use of this software as it allows users to convert videos to mp3. You can curate your playlist with ease, thanks to this extension. Users can also create a personalized set of preferences that the software maintains when downloading future videos. Wondershare Filmora We've talked a lot about downloading videos in this article. Now, if you're looking to hone your video editing skills, then there is only one solution for you. Wondershare Filmora is stacked with features that can turn amateur videos into professional outputs. Thanks to many automated features, Wondershare Filmora can often convert beginners' video into an art form.
